A fictional biography of German meteorologist Alfred Wegener follows the groundbreaking scientist from his 1880 birth to his final Arctic exploration in 1930, discussing the offbeat scientific adventures and exploits that marked his life--from a record-breaking long-distance balloon flight in 1906, to his horrific experiences during World War I, to his struggle to defend his controversial theories. A first novel. Reprint.

[Reframing Social Citizenship, Peter Taylor-Gooby](#) , 2008, 0191613851, 9780191613852. Throughout the world, governments are restructuring social and welfare provision to give a stronger role to opportunity, aspiration and individual responsibility, and to competition, markets and consumer choice. This approach centres on a logic of individual rational action: people are the best judges of what serves their own interests and government should give them as much freedom of choice as possible. The UK has gone further than any other major European country in reform and provides a useful object lesson. This book analyses the pressures on social citizenship from changes in work and the family, political actors, population ageing, and the processes within government in the relentless international process of globalization that have shaped the response. It examines the various social science approaches to agency and argues that the logic of rational action is able to explain how reciprocity arises and is sustained but offers a weak foundation for social inclusion and social trust. It will only sustain part of the welfare state. A detailed assessment of empirical evidence shows how the outcomes of the new policy framework correspond to its theoretical strengths and limitations. Reforms have achieved considerable success in delivering mass services efficiently. They are much less successful in redistributing to more vulnerable low income groups and in maintaining public trust in the structure of provision. The risk is that mistrustful and disquieted voters may be unwilling to support high spending on health care, pensions and other benefits at a time when they are most needed. In short, the reform programme was undertaken for excellent reasons in a difficult international context, but risks throwing the baby out with the bathwater.

[The Perennial Freshman, George S. Whiteman](#) , 2009, 0984351604, 9780984351602. The "Flying Dutchman" sailed off in search of a faithful woman. George Whiteman just went searching for women; and would get more than he bargained for. Eventually, the Beatles helped him buy his first Bentley, Jimmy Hendrix helped finance his drug habits, Lawrence Welk and Pat Boone made his house payments and Sammy Davis, Bobby Darin, and Don McLean, chipped in for his first

divorce. The Perennial Freshman is the first book of an autobiographical trilogy. The story is American. The themes universal. The backdrop Hollywood, Europe, and Asia. Neglected throughout his childhood, a boy, once grown, realizes his fantasies only to find that the world of sex, money, drugs, and alcohol he has created for himself leaves him empty and in spiritual ruin. He embarks on a personal journey (a Yatra) to rebuild his life and achieve inner peace.

[Two Anglo-Saxon pontificals: the Egbert and Sidney Sussex pontificals, Volume 104, , , Catholic Church, H. M. J. Banting, Saint Egbert](#), 1989, 095010096X, 9780950100968. This book presents editions of two of the best known Anglo-Saxon pontificals, the so-called 'Egbert Pontifical' (Paris, BN lat. 10575) and the 'Sidney Sussex Pontifical' (Cambridge, Sidney Sussex College 100). The pontifical was a bishop's book which contained the various ceremonies which only a bishop

could perform: consecration of a church or cemetery, consecration of all orders of clergy and of abbots and abbesses, and the coronation of a king. The various pontifical services in these two manuscripts, therefore, help to illustrate the nature of these solemn ceremonies in Anglo-Saxon England, and are a valuable index of the state of the English church in the 10th century.

['Tis Herself: An Autobiography, Maureen O'Hara, John Nicoletti](#) , 2005, 0743269160, 9780743269162. In an acting career of more than seventy years, Hollywood legend Maureen O'Hara came to be known as "the queen of Technicolor" for her fiery red hair and piercing green eyes. She had a reputation as a fiercely independent thinker and champion of causes, particularly those of her beloved homeland, Ireland. In 'Tis Herself, O'Hara recounts her extraordinary life and proves to be just as strong, sharp, and captivating as any character she played on-screen. O'Hara was brought to Hollywood as a teenager in 1939 by the great Charles Laughton, to whom she was under contract, to costar with him in the classic film *The Hunchback of Notre Dame*. She has appeared in many other classics, including *How Green Was My Valley*, *Rio Grande*, *The Quiet Man*, and *Miracle on 34th Street*. She recalls intimate memories of working with the actors and directors of Hollywood's Golden Age, including Laughton, Alfred Hitchcock, Tyrone Power, James Stewart, Henry Fonda, and John Candy. With characteristic frankness, she describes her tense relationship with the mercurial director John Ford, with whom she made five films, and her close lifelong friendship with her frequent costar John Wayne. Successful in her career, O'Hara was less lucky in love until she met aviation pioneer Brigadier General Charles F. Blair, the great love of her life, who died in a mysterious plane crash ten years after their marriage. Candid and revealing, 'Tis Herself is an autobiography as witty and spirited as its author.

[Strategy: The Logic of War and Peace, Edward Luttwak](#) , 2001, 0674007034, 9780674007031. If you want peace, prepare for war. A buildup of offensive weapons can be purely defensive. The worst road may be the best route to battle. Strategy is made of such seemingly self-contradictory propositions, Edward Luttwak shows they exemplify the paradoxical logic that pervades the entire realm of conflict. In this widely acclaimed work, now revised and expanded, Luttwak unveils the peculiar logic of strategy level by level, from grand strategy down to combat tactics. Having participated in its planning, Luttwak examines the role of air power in the 1991 Gulf War, then detects the emergence of post-heroic war in Kosovo in 1999 an American war in which not a single American soldier was killed. In the tradition of Carl von Clausewitz, Strategy goes beyond paradox to expose the dynamics of reversal at work in the crucible of conflict. As victory is turned into defeat by over-extension, as war brings peace by exhaustion, ordinary linear logic is overthrown. Citing examples from ancient Rome to our own days, from Barbarossa and Pearl Harbor down to minor combat affrays, from the strategy of peace to the latest operational methods of war, this book by one of the world's foremost authorities reveals the ultimate logic of military failure and success, of war and peace.

[Lost and Found, Lucy Cavendish](#) , 2009, 0141030194, 9780141030197. Samantha Smythe has a busy summer ahead of her with her three active young sons. Her au pair is more interested in the contents of the fridge than in the children, her husband is off drinking champagne for breakfast in London, and the famous footballer who has moved into the village seems to think Samantha is the answer to his problems. Then, out of the blue, Samantha's childhood friend Naomi turns up on the doorstep with her daughter in tow. It's been years since Samantha and Naomi have seen each other and it's not long before they fall back into their old ways. Samantha would do anything for Naomi but when she's left to look after her little girl as well as her own chaotic family, she has to ask herself what she is prepared to do to save a

friendship. Everyone has a long lost friend but what happens when the past comes back and turns your life upside down? Can things ever go back to the way they were?

[An End to All Things, Jared Yates Sexton](#) , 2012, 098404051X, 9780984040513. When Jared Yates Sexton finished his MFA and returned to his hometown in Indiana, he found a population plagued by the kind of turmoil and tension usually reserved for fiction. Unemployment and uncertainty lurked everywhere he looked. In his debut story collection, this pervasive turbulence tilts into the fantastical as we observe the inspired, absurd, and even horrific moments in the lives of lost and luckless Midwesterners looking for something to believe in. Through language that's both striking and unassuming, Sexton creates a dangerous and disturbing world in which everything and everyone teeters precariously on the edge of total chaos; a world that bears a startling resemblance to our own.

[A Thousand Bullets Gone Astray, Clay Lowe](#) , 2009, 0956125018, 9780956125019. Clay Lowe's first poetry collection exposes promises made and promises broken in life and in love. In *A Thousand Bullets Gone Astray* the reader comes face to face with a variety of characters in confrontation with the malaise of modern life: the middle-aged man who realizes he has sacrificed his passion for practicality; the young lady who longs to walk through fields in bare feet; the couple who have forgotten how to be romantic and let the space between their pillow divide them; the soldier who crunches ice in the dark. Lowe introduces us to these characters through a poetic artistry that provides clarity and a shocking resonance with our common experience.

[Proust's English, Daniel Karlin](#) , 2005, 0199256888, 9780199256884. A fascinating study of English words and phrases in *A la recherche du temps perdu*, dealing both with the social comedy of French 'Anglomania' - characters who yearn to resemble 'un parfait gentleman' or invite each other to 'le five-o'clock tea' - and with Proust's profound understanding of the necessary 'impurity' of all languages and artistic creation. Karlin demonstrates that English is a significant presence in this greatest of French masterpieces. - ;English is the 'second language' of *A la recherche du temps perdu*. Although much has been written about Proust's debt to English literature, especially Ruskin, Daniel Karlin is the first critic to focus on his knowledge of the language itself - on vocabulary, idiom, and etymology. He uncovers an 'English world' in Proust's work, a world whose social comedy and artistic values reveal surprising connections to some of the novel's central preoccupations with sexuality and art. Anglomanie - the fashion for all things English - has been as powerful a presence in French culture as hostility to perfide Albion; Proust was both subject to its influence, and a brilliant critic of its excesses. French resistance to imported English words remains fierce to this day; but Proust's attitude to this most contentious aspect of Anglo-French relations was marked by his rejection of concepts of national and racial 'purity', and

his profound understanding of the necessary 'impurity' of artistic creation. - ;insightful and inspiring study of Proust's use of the English language - Emily Eells Modern Languages Review, vol 102, part1;As Professor Karlin reminds us, Proust offers a warning purists of any language, including Irish, would do well to heed. - Robert O'Byrne, The Irish Times;A clever and delightful survey of the uses and status of English words in Proust's *I la Recherche du temps perdu* based on detailed and witty research into the rage for *Ianglomanie* in turn-of-the-century France. - Forum for Modern Language Studies;Witty and urbane, Daniel Karlin has turned an unpromising, even unlikely subject into an unexpectedly intriguing view of Proust's masterpiece. - David Coward, Times Literary Supplement;Everyone interested in Proust should read this book. - Thomas Baldwin, French Studies;Proust's English is a significant, enriching trait in his writing...proving a masterly aspect of Proust's style in action. - John Simon, The New Criterion

[The Reflective Leader: Standing Still to Move Forward, Alan Smith, Peter Shaw](#) , 2011, 1848250835, 9781848250833.

The popular caricature of a great leader today is an activist who leads from the front, often through sheer force of personality - the kind of leader who will act as a saviour to a company or organisation. But most leaders are ordinary people who learn wisdom. One key to successful leadership is the ability to reflect - on one's own strengths and weaknesses, and on human nature and behaviour in order to bring out the best in others and build team spirit and morale. This practical and inspiring book sets out an approach to leadership that is more effective in the longer term and explores: the art of reflection, the ability to identify key facts, how to weigh up risks, how to nurture self-knowledge and understanding of others, how to differentiate between knowledge and wisdom, the art of listening, building a common vision and more. From their extensive experience training leaders in business, ministry and public service, the authors offer a wise and reliable guide.

Meet the Jolley-Rogers a pirate family who is moving to Dull-on-Sea, a quiet seaside town, while they fix up their ship. This unusual family soon has the whole neighborhood gossiping. Defying the grown-ups, Matilda becomes friends with young pirate Jim Lad. When the JolleyRogers return to sea, the town realizes that they were wrong to assume the worst when it is discovered that the pirates have buried treasure in everyone's yard. The neighbors are thrilled, but Matilda is sad to have lost her new friend, until she discovers her own treasure a pen pal!

[Illustrated Maths Dictionary, Judith De Klerk](#) , 1999, 073390470X, 9780733904707. For many students, learning mathematics is like learning a foreign language and it can be difficult for the teacher to explain the meaning of mathematical terms in simple but accurate language. This dictionary overcomes that problem. It defines all the math terms that students in Australian schools are likely to meet, in simple language and without losing accuracy. Definitions are supported and reinforced by diagrams and illustrations. In this third edition, approximately 100 additional terms are

defined and the reference section at the back of the book has been updated.

[Among the Multihulls, Jim Brown](#) , 2011, 0972146164, 9780972146166. Enjoy Part 2 of the Historic Saga & Nautical Life-Journey Of Multihull Designer Jim Brown Embracing his role of cockpit storyteller, Jim Brown continues sharing how multihulls happened to him so we all have these tales for ourselves and future generations of multihullers In this second volume ... the Brown family swallows the anchor in the American South and suffers reverse culture shock. Sons Steven and Russell go on to build their own boats and sail to faraway places. Wife Jo Anna expands her career helping children with learning difficulties. Jim becomes a global Johnny Appleseed -- spreading his practical know-how knowledge of modern trimarans, catamarans and proas. And the Browns enjoys some spectacular multihull cruising experiences to boot. Travel with Jim as he helps indigenous peoples in Africa, the Philippines and the Pacific Islands create modern workboats to try and solve their economic challenges. Sail with him to exotic and beautiful locals from Canada to Cuba. And meet unforgettable (and sometimes downright incredible) sailors, adventurers, friends, indigenous peoples, various eclectic folks and assorted characters along the way. Truly remarkable tales from an amazing life among boats -- especially multihulls. After finishing certain portions of this book you will probably find yourself saying, Wow you're never gonna believe what I just read, to anybody who will listen! Jim Brown is easily one of the most celebrated figures in the 20th century's modern multihull movement. And after reading this first volume of this memoir, you'll feel like you've come to know the man in the same way you know a personal friend. Many memoirs are meant to embellish the life work of the author, which often means playing loose with the truth about the past, being selective about what facts to include (and which ones to bury) and producing an endless amount of positive spin meant to always put the writer in a positive light. Not so with this memoir. If anything, Jim Brown tries hard to separate facts from fiction, and offers a deeply personal account that includes notable mistakes (both career and personal) in the midst of many great moments throughout his life. For this reason alone, his memoir is destined to forever endear him to its readers ... including you!

[Photographs, Martin Parr](#) , 2006, 8869650154, 9788869650154. The long-awaited anthology of David Goldblatts works, published on the occasion of the 2006 exhibition in Arles (with Martin Parr as curator), which afterward will tour internationally. David Goldblatt is South Africa's most important photographer. He has produced a body of work that is an original and extensive study of South Africa during and after apartheid. His *On The Mines* (1973), with a text by Nadine Gordimer, *Some Afrikaners Photographed* (1975), and *Lifetimes: Under Apartheid* (1986), again with a text by Gordimer, document the complexity of South African lives, and are considered milestones in the history of photography. His following work on built structures, the human landscape that speaks of the forces shaping South African society from colonial times up to the end of white domination, led to the exhibition of his most somber works, *Structures*, at The Museum of Modern Art, and to publication of *South Africa: the Structure of Things Then* (1998). In 1999 he began working in color for the first time, manipulating colors and composing the images according to his nuanced view of things. This change in Goldblatts narrative style is registered in his publication of *Belonging*, on the new South African identity and urban areas, and more recently in *Intersections* (2005), on rural places and South African natural landscapes. Goldblatts photographs are in the collections of The Museum of Modern Art, New York; The South African National Gallery, Cape Town; the Bibliothque Nationale, Paris; and in The Victoria and Albert Museum, London. In 2006, Goldblatt won the Hasselblad Foundation International Award in Photography.

[Women in American musical theatre: essays on composers, lyricists, librettists, arrangers, choreographers, designers, directors, producers and performance artists, Bud Coleman, Bertram E. Coleman](#) , 2008, 0786433825, 9780786433827.

Throughout the twentieth century women have made significant contributions to the creation of American musical theatre. Directing, choreographing, writing, arranging, producing and designing musicals in a variety of venues throughout America, women have played a significant role in shaping the development of musical theatre both on and off Broadway and in regional, educational, and community venues. The essays in this book examine the history of women in musical theatre, providing biographical descriptions of the women themselves; analyses and interpretations of their productions; and several accounts of how being a woman affected the artists' careers. Topics include the similarities among the careers of successful but neglected lyricists Rida Johnson Young, Anne Caldwell, and Dorothy Donnelly; the Depression-era productions of Hallie Flanagan and Cheryl Crawford; the transformation of the classic "showgirl" image through the dances and stage movement created by prominent female choreographers; and a survey of numerical data highlighting the discrepancy between the number of men versus the number of women hired to direct professional musical productions in various venues across the United States.

[Into the Den of the Bear: A Memoir of the Eastern Front, Herman Pfaeffle](#) , 2010, 0967307066, 9780967307060. Into the Den of the Bear is an eyewitness account of the Eastern Front unlike any other. The 17th Panzer Division served as the fist for General Heinz Guderian's 2nd Panzer Army in Operation Barbarossa and the author, Hermann Pfaeffle, was there. Flung into Operation Winter Storm - the attempted relief of Sixth Army at Stalingrad - the unit was nearly cut-off and encircled itself. Hermann Pfaeffle was there. Joining up with 13th Panzer in the momentous retreat across the Hungarian plain, Pfaeffle escapes annihilation at Budapest only to face captivity in the hands of Resistance fighters. Facing death in numerous encounters, this is the story of a survivor and his four-years on the Eastern Front, the bloodiest killing fields in the history of warfare.

[Peyton Manning: A Biography, Lew Freedman](#) , 2009, 0313357269, 9780313357268. From the moment Peyton Manning arrived in the National Football League at the start of the 1998 season, he has been a numbers machine, completing passes at a dazzling rate and throwing touchdowns at a pinball-machine clip. Fans, teammates, and NFL foes alike have been in awe of what Manning's right arm has wrought. In "Peyton Manning: A Biography," sportswriter Lew Freedman chronicles Manning's life, from his childhood as the son of New Orleans Saints' quarterback Archie Manning through the many laurels won during his high school and college careers to his record-setting play with the Colts. The book also covers Manning's off-the-field activities as a product spokesperson, as well as his PeyBack Foundation, designed to help underprivileged children. Finally, it looks at the Manning football dynasty, including brother Eli Manning's success as the Super Bowl-winning quarterback for the New York Giants.

[The Two, Andrea Dean Van Scoyoc](#) , 2006, 0979006724, 9780979006722. Pressley Barclay is a famous author and with that fame came his writer's block. As a way to escape from the noise and distraction of the city, he finds his dream home in the country estate -- and at a steal...or is it? His new home turns out to be more like a hell than a Heaven. Things get worse when he finds the mirror. The mirror was meant to stay hidden. The realtor told him a tale that the prior owner claimed her husband was "sucked" into a mirror and disappeared. Pressley's curiosity with the mirror finds him in an alternate world. Taking refuge in a spooky old house, Pressley finds "them.,." Like daylight and dark, the men are enigmatic and sad. Who were they? With no way back home, Pressley Barclay is in for the survival lesson of his life, relying solely on his wits to survive and solve a mystery spanning four centuries, a decadent mystery involving the two young men and how they died. Will Pressley free the house of the torturous limbo it has endured for so long, or will his spirit be the newest addition to a house of solemn shadows and lost souls?

[Deluxe: How Luxury Lost Its Luster, Dana Thomas](#) , 2008, 0143113704, 9780143113706. Once luxury was available only to the rarefied and aristocratic world of old money and royalty. It offered a history of tradition, superior quality, and a pampered buying experience. Today, however, luxury is simply a product packaged and sold by multibillion-dollar global corporations focused on growth, visibility, brand awareness, advertising, and, above all, profits. Award-winning journalist Dana Thomas digs deep into the dark side of the luxury industry to uncover all the secrets that Prada, Gucci, and Burberry don't want us to know. Deluxe is an uncompromising look behind the glossy faade that will enthrall anyone interested in fashion, finance, or culture.

[The Miranda Ruling: Its Past, Present, and Future, Lawrence S. Wrightsman, Mary L. Pitman](#) , 2010, 0199730903, 9780199730902. Where did Miranda go wrong? The purpose of this book is to identify and describe four problems with

the implementation of the Miranda decision and to suggest remedies in order to have it achieve its original purpose. The four problems identified in the book are:1. The justices, in placing restrictions of the questioning of suspects, limited these rights only to those suspects who were "in custody." The term "in custody" is vague-legally vague as well as vague to the layperson. It permits the police to question suspects without giving them their Miranda rights in those settings where it is unclear whether custody is present.2. The Miranda warnings may not be fully understood by many suspects. There is no country-wide standardization of what is said; there are literally thousands of different versions of "the" Miranda warnings in use by different police departments in the United States.3. Police training manuals, while recognizing the right to a "Miranda warning," have developed many ways to circumvent giving the warnings or ignoring a response in which a suspect does decide to remain silent or ask for an attorney.4. In the 40 years since the Miranda law was established, the Supreme Court and lower courts have made decisions eroding their application. Can the original goal of the authors of the Miranda law be salvaged? This book examines the state of interrogations and the state of the law before the Miranda decision was made, the purposes and nature of the decision, and proposes recommendations for reinstating the original goals.

[The Diner's Dictionary: Word Origins of Food and Drink, John Ayto](#) , 2012, 0199640246, 9780199640249. Seasoned generously with literary wit, The Diner's Dictionary is a veritable feast, tracing the origins and history of over 2,300 gastronomic words and phrases. John Ayto spreads across our table a veritable cornucopia, from common fruits and vegetables (apples, cherries, apricots, and broccoli, to name a few), to exotic foreign dishes such as gado-gado, nasi goreng, satay, and dashi, and even junk foods such as doughnuts, brownies, and candy. Thoroughly revised, the second edition boasts 1,000 new entries, including the word origins of affogato, bento, cava, goji berry, jalfrezi, mocktail, rugelach, vache qui rit, and zigni. In addition, Ayto has expanded the coverage of vocabulary from foreign cuisines, such as Thai, Korean, Vietnamese, and parts of South America. Throughout, Ayto provides fascinating capsule histories of the various foods. He tells us, for instance, that cantaloupe was introduced into Europe from Armenia and was apparently first cultivated at Cantaluppi, a former summer estate of the popes near Rome. We learn the ingredients of haggis and that the name of the Scandinavian drink "aquavit" ultimately derives from Latin aqua vitae or "water of life." From jambalaya and callaloo to arrowroot and shiitake, The Diner's Dictionary is a food-lover's dream, filled with information and fascinating lore.

[Shaping American Telecommunications: A History of Technology, Policy, and Economics, Christopher H. Sterling, Phyllis Bernt, Martin B. H. Weiss](#) , 2006, 0805822372, 9780805822373. Shaping American Telecommunications examines the technical, regulatory, and economic forces that have shaped the development of American telecommunications services. This volume is both an introduction to the basic technical, economic, and regulatory principles underlying telecommunications, and a detailed account of major events that have marked development of the sector in the United States. Beginning with the introduction of the telegraph and continuing through to current developments in wireless and online services, authors Christopher H. Sterling, Phyllis W. Bernt, and Martin B.H. Weiss explain each stage of telecommunications development, examining the interplay among technical innovation, policy decisions, and regulatory developments. Offering an integrated treatment of the interplay among technology, policy, and economics as key factors defining the development of the telecommunications sector in the United States, this volume also provides: *background material to facilitate understanding of each sector; *contexts for many so-called "new" issues, problems, and trends, demonstrating origins from years or decades in the past; and *careful annotation, documentation, and reference tables to enable further research on the topics discussed. This unique multidisciplinary approach provides a balanced view of U.S. telecommunications history, in context with relevant economic, legal, social, and technical analyses. As such, it is essential reading for advanced students in telecommunications needing to understand how the telecommunications industry and service developed to its current form. The volume will also serve as a supplemental text in courses on telecommunications regulation, and it will be of value to professionals in the field seeking context and background for their daily work.

[Women and Desire: Beyond Wanting to Be Wanted, Polly Young-Eisendrath](#) , 2000, 0609805304, 9780609805305.

Provocative and vital, this groundbreaking book delves into the complex world of female desire and discovers that, sadly, women often want to be wanted rather than to be fully engaged with life. Instead of being able to know what they really want or who they really are, women have been conditioned to accept images -- the good daughter, the nice friend, the

ideal boss, the perfect mother -- to define themselves through reflections from others. As a result, self-direction, self-determination, and self-confidence are undermined from adolescence through old age. A double bind comes to surround female desire: a woman is damned as "the bitch" if she is direct and self-determining; but she is confused and indirect if she plays the Object of Desire. Dr. Young-Eisendrath shows us how to break out of this double bind so that we can encounter the challenges of choice and responsibility for our own desires. She wisely uses mythological and personal stories to help us take control of our sexual, relational, material, and spiritual lives. If you feel confused, resentful, or trapped in a life that does not seem to be fully yours, then you can find a clear path to your true self, once and for all, with the help of *Women and Desire*.
