

Public Forum on the Danger of Metal Shredders

The company Pure Metal Recycling plans to build a metal shredder in Pilsen. Come to a public forum to learn about the dangers of metal shredders before they build one next to Juarez High School! Find out from people who know—the residents of Elkhart Indiana, who fought for 3 years to shut down the dangerous metal shredder in their community. Several Elkhart residents are coming to Chicago to talk about the explosions, noise and pollution that the metal shredder created in Elkhart.

Wednesday, August 13th - 6:30 PM
Casa Michoacán - 1638 S. Blue Island Ave.
