

# WIRELESS RADIATION KEEPING SAFER IN A WIRELESS WORLD

## Things we all should know:

- Are cell phones, cell towers, Wi-Fi and Smart Meters harmful?
- What is 5G and should we be concerned about it?
- Why are children more vulnerable?
- What can we do to reduce our exposure and protect our families?

Join the conversation with **Dafna Tachover**, a leading expert and advocate globally on wireless technology radiation health effects.

Dafna Tachover Esq. MBA, is an attorney in New York and Israel. She has a technology background from her service in the Israeli Defense Forces as a Telecommunication and Computers Officer. She is the founder of "We Are The Evidence", an advocacy organization for the protection of the rights of people who have been injured by wireless technology radiation. She led a Supreme Court case in Israel to ban the use of Wi-Fi in schools which led to the strictest limitations in the world on Wi-Fi in schools.
