“the philosopher of freedom”

—Dwight D. Eisenhower
describing John Dewey at his 90th birthday

Philosopher, psychologist, and educational reformer, John Dewey is recognized as one of the founders of the philosophy of pragmatism and of functional psychology. His influence can be seen in many areas of modern life, especially in education and civil society. Born in Burlington, Vermont, in 1859, Dewey’s work spanned the first half of the 20th century. This volume of essays celebrates his life and scholarship, on the 150th anniversary of his birth. All the authors are members of the John Dewey Society (founded in 1936), and the contributions have been selected for their diversity of interests in Dewey’s philosophy as well as differing interpretations of his work.

John Dewey at 150: Reflections for a New Century

edited by A. G. Rud, Jim Garrison, and Lynda Stone

ISBN 978-1-55753-550-4 • \$25.95

About the Editors

A. G. Rud is Head of the Department of Educational Studies at Purdue University and editor of the journal of the John Dewey Society, *Education and Culture*. His areas of interest include philosophy of education, leadership education, and moral education.

Jim Garrison is a professor of philosophy of education at Virginia Tech in Blacksburg, Virginia. His work concentrates on philosophical pragmatism. Garrison is a past winner of the Jim Merritt award for his scholarship in the philosophy of education and the John Dewey Society Outstanding Achievement Award. He is the immediate past-president of the John Dewey Society.

Lynda Stone is a professor of philosophy of education at University of North Carolina, director of Graduate Studies, and area chair of Culture, Curriculum and Change (CCC). She teaches courses in the Ph.D. in education, CCCs, and the Master of Arts in Teaching program. Stone is the current president of the John Dewey Society.
