

Free workshops on Stormwater and Flooding!

In this community-directed workshop series, we will explore stormwater and small scale street flooding. Together we will think creatively about easy ways to investigate flooding hot spots. Participants will learn about stormwater infrastructure, map repetitive flooding locations, and test out methods for home and community stormwater flood monitoring.

Where: The New Orleans Healing Center, 2372 St. Claude Ave.
Room 250

When: March 4th, 1pm-4pm **Introduction to Stormwater**
April 8th, 1pm-4pm **Community Mapping**
May 13th, 1pm-4pm **Designing a Stormwater Study**
June 3rd, 3pm-6pm **Implementing a Stormwater Study**
July 8th, 3pm-6pm **Monitoring and Lessons Learned**
