Introduction

This is a bibliography of MA theses in the discipline of psychology done at Tribhuvan University (TU) in Kathmandu. The Central Department of Psychology at TU was established in 1980 and the MA program is only offered there. The first MA thesis at TU was done in 1982. Currently students do their MA theses after the completion of two years of course work. Every effort has been made to make this list complete. I would appreciate receiving information about any missing entries or about corrections needed to be done on the entries given here.
