

The screenshot displays the QGIS desktop environment. The main map view shows a vector layer with several polygonal features. On the right, a table window titled "output: Feições de total: 12, filtrado: 12, selecionado: 1" is open, showing a list of features with their IDs and areas.

ID	area
1	8
2	10
3	8
4	5
5	8
6	1
7	2
8	3
9	4
10	4
11	3
12	7

The table window also includes a search bar at the top and a "Mostrar todas as Feições" button at the bottom.
