

## Gardeneers Observation Rubric

Gardeneers Name: \_\_\_\_\_ Date: \_\_\_\_\_ Location: \_\_\_\_\_ Grade level: \_\_\_\_\_

Notes on Garden Appearance:

Element of Evaluation	Is not Present	Below Expectation	Meets Expectation	Exceeds Expectations
<b>Instructional Preparation</b>				
<b>Has plan for lesson content for day</b>	No evidence seen during observation	There is evidence of <i>some</i> preparation complete for daily lesson.	There is evidence that the daily lesson is <i>completely</i> prepared for.	Daily lesson is <i>completely</i> prepared for, additional resources are planned for.
<b>Has materials prepared for lesson</b>	No evidence seen during observation	Materials are <i>partially</i> prepared for daily lesson.	Materials are <i>fully</i> prepared for daily lesson.	Materials are <i>fully</i> prepared and additional resources are available for remediation/ extension activities.
<b>Has plan for student engagement for the day</b>	No evidence seen during observation	Has <i>partially</i> thought about how to engage students in the lesson appropriately (ie. has assigned appropriate groups for students to work in)	Has <i>fully</i> thought about how to engage students in the lesson appropriately (ie. has assigned appropriate groups for students to work in)	Has <i>fully</i> thought about how to engage students in the lesson appropriately and has provided teacher/ students will additional material to engage students outside the lesson.
<b>Notes:</b>				

### Lesson Execution

<b>Lesson objectives were met during the execution of the lesson</b>	No evidence seen during the lesson execution.	Objectives were <i>somewhat</i> met during the lesson execution.	Objectives were <i>mostly</i> met during the lesson execution.	Objectives were <i>fully</i> met during the lesson execution.
<b>Appropriate modifications were made to meet the objectives</b>	No modification were necessary in order to execute lesson	Some modification were implemented but not enough to effectively execute lesson	Some appropriate modification were implemented that aided in a somewhat effective execution of lesson	Appropriate modification were implemented that aided in effective execution of lesson

Notes:

### Classroom Management

<b>Students were appropriately engaged in the lesson</b>	No evidence seen during observation	On average, <i>Less than 60%</i> of students were engaged in lesson.	On average, <i>60-80%</i> of students were engaged in lesson.	On average, <i>more than 80%</i> of students were engaged in lesson.
<b>Students were redirected properly if interruption occurred</b>	No evidence seen during observation	Students were <i>inappropriately/ or not at all</i> redirected when they disrupted the lesson.	Students were <i>mostly</i> redirected appropriately when they disrupted the lesson.	Students were always redirected <i>appropriately</i> or no disruptions took place because educator had high levels of structure in place.
<b>Student behavior was appropriately reinforced in a way the supported student learning</b>	No evidence seen during observation	Positive student behavior was <i>sometimes</i> reinforced.	Positive student behavior was <i>always</i> reinforced.	Positive student behavior was <i>always</i> reinforced and structures were clearly put in place to support positive student behavior.

Notes:
