

Four Mile Run Water Access Point

The Four Mile Run Conservatory Foundation has started a project to install an ADA-compliant water access point -- a floating launch for kayaks, canoes, and other non-motorized watercraft, at Four Mile Run. **We are pleased to have the support of Alexandria's Department of Recreation, Parks, and Cultural Activities, which has committed \$16,000 in matching funds** toward the first phase of this project: the engineering and design.

Siting a water access point at lower Four Mile Run presents the unique engineering challenge of designing a dock within a flood control channel, though it also affords an amazing opportunity for paddling access, fishing, and observing nature. Be part of the transformation of Four Mile Run to a vital recreational gateway to nature in an urban setting.

HOW YOU CAN HELP

Spread the word

- Post the project flyer at your office, in your building, or anywhere -- with permission, of course!
- Follow/like/share Four Mile Run Conservatory on social media

Participate in Alexandria's Spring2ACTion: www.spring2action.org

- Donate toward the project in your Spring2ACTion giving
- Create your own Spring2ACTion **free agent fundraising campaign** toward the project
- Provide **challenge/match funding** to help us attract donations (email info@fourmilerun.org for details)

Donate!

- Online: visit www.fourmilerun.org, click the *Donate* tab (or use QR code below)
- By mail: Four Mile Run Conservatory Foundation
3905 Elbert Ave, Alexandria, VA, United States, 22305
