

14th Annual National Sierra Youth Coalition

Sustainable Campuses Conference

October 11-14, 2012
University of Toronto Mississauga

The Sustainable Campuses Conference is an active training ground to empower participants with the skills to lead successful initiatives on their campuses. At the conference, participants will: build and enhance their skills through participatory and engaging workshops; enjoy group discussions with leading sustainability experts, youth and scholars; and meet tons of students, professors and administrators with whom to share success stories.
