<u>Notes</u>					
T/TT Faculty in multiple departments are counted in each department. Information is based on HRS appointments in October 2014.					
Departments are tenure homes. For the School of Business and School of Human Ecology, faculty are shown both in the tenure home (lower case & italics) and the subdepartment (italics). However, the average/median/units with fewer faculty excludes subdepartment counts.					
CHS faculty in subdepartments are included at the department level.					
Departments are based on structure in 2014-15. Theatre and Drama will move from L&S to Education
