AGES 16+

PROGRAM BEGINS: 9.14.2019

DESIGN A GREENER DC

Studio DC works with 10 high school students ages 16+, for 10 Saturdays in an urban design studio. Students will create projects that improve water quality and build community awareness in their neighborhoods across DC Wards 5 & 7. The program offers mentoring from professional landscape architects, urban planners, and environmentalists.

Students from across the city may apply and preference will be given to those who live or attend school in the targeted wards.

Students of color are encouraged to apply!

Funding for this project is provided by the DOEE 2019 Community Stormwater Solutions Grant
