Event Notes

Apart from the 9yrs and under and the 16yrs and over events, all strokes will be run for each age and for both girls and boys. In order to compress the program and avoid events with very few competitors, a number of events have been combined. Events have been combined in a different way and may include multiple ages swimming in the same event, as well as mixed gender races. In combined events competitors are only swimming against others of the same age and gender.

In some instances, there are heats due to the number of nominations received, which are followed later with a finals event for the fastest 6 swimmers in the heats. It should be noted that the finals of these events have been highlighted on the program and have the same event number assigned as the relevant heats.
