About the Hackathon

Capital Markets is an exciting place for Machine Learning.
Come and take the first crack at some of the most exciting
problems available today, using the latest machine learning
tools. Join the leader in Indian Capital Markets with the
NSE FutureTech 2018 Machine Learning Hackathon.

The National Stock Exchange invites all designers, coders
and data scientists to tackle capital market challenges with
machine learning
in a competition with generous prizes and tremendous ex-
posure.
