

Planting trays
Figure 6

Trays will have layers

Starting from the bottom 3" gravel,
1" of charcoal, 2" sand, Weed
barrier or underlayment, and
growing Medium.

Growing medium
1/3 Blended Compost
1/3 Peat moss (coconut fiber will work)
1/3 Coarse Vermiculite

Note

The weed barrier
will last 12 years,
The growing medium
will last 10 years
if both changed
every 10 years
issues should not
arise.
